LEGAL LIMITS

Width 8 feet 6 inches
Height 13 feet 6 inches
Weight 80,000 lbs. gross
                        20,000 lbs. single axle
Length 45-foot single vehicle
      53-foot trailer, loaded or empty
      57-foot lowboy trailers used exclusively for the transportation of construction equipment

DETERMINE IF A PERMIT IS REQUIRED

- A permit is issued to a carrier to allow operation of a vehicle or load that exceeds the statutory limits.
- Permitted loads must be non-divisible.
- Permits are issued by the Iowa DOT for state and interstate highways only. Separate permits must be obtained from local city or county jurisdictions for travel on those roadways.

DEFINITION OF AN INDIVISIBLE LOAD

Any load or vehicle exceeding applicable length, height, width or weight limits that if separated into smaller loads or vehicles, would:

1. Compromise the intended use of the vehicle (i.e., make it unable to perform the function for which it was intended).
2. Destroy the value of the load or vehicle (i.e., make it unusable for its intended purpose).
3. Require more than eight work hours to dismantle using appropriate equipment.
OVERSIZE/OVERWEIGHT PERMIT TYPES
(If you need temporary registration/fuel or non-OS/OW permits go to page 6)

Single or Round trip

- This is the most common permit that most users will need.
- Used for any indivisible load that exceeds the legal limits of size and/or weight
- No limits on gross weight, height, length
- Max allowed axle weight = 20,000 lbs.
- Origin and Destination required for superloads that do not originate or terminate in Iowa
- Required to be registered for at least the total weight that you are being issued a permit for
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5 day period

Single or Round Trip for Self-propelled Cranes

- Used for self-propelled cranes ONLY
- Max allowed axle weight = 24,000
- Requires approval by DOT bridge and pavement engineers prior to issuance
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5 day period

Single or Round Trip for Private SME

- Select this permit if you are a PRIVATE carrier hauling YOUR OWN equipment not for hire
- This permit gives an exemption to the requirement to be registered for the weight of your permitted load for private haulers moving their equipment from place to place.
- If you are a private carrier who also hauls for hire, you must select the normal single trip when hauling for hire
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5 day period

Single Trip for Fire Trucks

- Select this permit if you are a fire truck dealer or government entity who needs to move a fire truck within Iowa.
- Route must be approved by DOT bridge and pavement engineers
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5-day period

Single Trip with Weight Increase

- This permit is for house moves ONLY
- This permit will allow a carrier to increase their registered weight for the duration of the house move
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5 day period
Single or Round Trip for S/P Construction Equip.

- Allows for self-propelled construction equipment to exceed the axle weight limits based on tire size up to a max of 36,000 lbs.
- Valid for 5 days and 1 trip for single (one way) or 2 trips (return along same route) for Round trip option during the 5 day period

Multi-Trip

- Allows for unlimited trips between 2 fixed points or origin along a single specified route (such as from the office to a job site and back)
- Only one route is allowed for which all trips must use. Separate routes will require additional permits
- Valid for 60 days
- Max gross weight = 156,000 lbs.
- Max axle weight = 20,000 lbs. (36,000 lbs. for qualified S/P construction equipment)
- Max Length = 120 feet
- Max Width = 16 feet
- Max Height = 15 feet 5 inches

Special Alternative Energy Multi-Trip

- Allows for unlimited trips to and from an alternative energy construction site or staging area for alternative energy transportation. Travel must be between 2 fixed points of origin along a single specified route.
- Only one route is allowed which all trips must use. Separate routes will require additional permits.
- Valid for 60 days
- Max gross weight = 256,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 16 feet
- Max height = 16 feet

Route Approval

- This permit is needed to approve a route when you exceed certain dimensions on your annual permit.

Annual Oversize/Overweight

- Valid for 12 months, unlimited trips
- Max weight = 156,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 13 feet 5 inches
- Max length = 120 feet
- Max height = 15 feet 5 inches
- No travel allowed on the interstate when gross weight exceeds 80,000 lbs.
- DOT route approvals required when exceeding certain dimensions listed on permit. Route approval permit type available on application page of IAPS system.
Small Annual Oversize

- Valid for 12 months, unlimited trips
- Max weight = 80,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 12 feet 5 inches
- Max height = 13 feet 10 inches
- Max length = 120 feet
- Valid on all state and interstate highways with no route approvals needed

Large Annual Oversize

- Valid for 12 months, unlimited trips
- Max weight = 80,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 16 feet
- Max height = 15 feet 5 inches
- Max length = 120 feet
- Valid on all state and interstate highways
- DOT route approvals required when exceeding certain dimensions listed on permit. Route Approval permit type available on the application page of IAPS system.

Annual Oversize for Hay, Straw, Stover

- Special permit that allows for divisible oversize loads of hay, straw, stover, or bagged livestock bedding
- Valid for 12 months, unlimited trips
- Max weight = 80,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 12 feet 5 inches
- Max height = 14 feet 6 inches
- Max length = 75 feet
- Valid on all state and interstate highways

All Systems Permit

- Allows for unlimited trips on all state and certain city/county roads. Refer to the All Systems Permit map for a list of participating counties and the roads allowed for travel under this permit.
- The map can be found here: [https://iowadot.gov/mvd/motorcarriers/motorcarriers/systemmap](https://iowadot.gov/mvd/motorcarriers/motorcarriers/systemmap)
- Valid for 12 months
- Max weight = 80,000 lbs.
- Max axle weight = 20,000 lbs.
- Max width = 16 feet
- Max height = 15 feet 5 inches
- Max length = 120 feet
Bridge Exempt Permit

- This is an annual permit for SME vehicles that exceed the Maximum Gross Weight Table for Non-Primary Highways – Table 1. The table can be found on page 20 of the Iowa Truck Information Guide (https://iowadot.gov/mvd/motorcarriers/truckguide.pdf)
- Must be 45 feet or less in length
- May not exceed 80,000 lbs. gross, 20,000 lbs. on a single axle.
- If the vehicle exceeds the weight limits or is greater than 45 feet long, a single trip permit can be used.

Compacted Rubbish Vehicles

- Allows for compacted rubbish vehicles to operate up to 36,000 lbs. on the rear tandem axle for non-interstate roads.
- Interstate limits are 20,000 lbs. single axle and 34,000 lbs. rear tandem axle
- Valid for 12 months, unlimited trips

S/P Implement of Husbandry

- Special permit for implements of husbandry equipped with flotation tires that were originally purchased or ordered prior to February 1, 2007. See Iowa Code section 321E.8A for more information.

Raw Milk

- Annual permit authorizing a raw milk transporter to transport by motor truck raw milk to or from a milk plant, receiving station, or transfer station.
- 20,000 lbs. per axle maximum, 80,000 lbs. gross weight maximum
TEMPORARY REGISTRATION/FUEL & NON-OVERSIZE/OVERWEIGHT PERMITS

Registration Trip

- Temporary registration permit for vehicles that do not have an apportioned registration
- May not be used to satisfy International Registration Plan requirements for oversize/overweight loads
- Valid for 72 hours

Fuel Trip

- Temporary fuel permit for vehicles that do not have an IFTA sticker
- Valid for one trip in a 72 hour period

Temporary Weight Increase

- Permit for house movers to increase their registered weight when they are operating solely on county/city roads and do not have a state permit
- Valid for 1 trip in a 5 day period
- House moves only

Unladen Weight Permit

- Permit for owner/operators who have broken their lease with a carrier. The unladen weight permit allows them to travel from point of origin to point of destination; indicating a mid-point, while pursuing a new lessee.
- Not valid for carrying a load
- A separate permit must be obtained for each tractor and each trailer
- Valid for 15 days

Commercial Repair

- Permit allows for a trip to and from a facility for maintenance and/or repair of the vehicle
- Cannot carry a load
- Valid for 30 days

RAD Transport Permits

- Permits required by the Iowa Department of Public Health (IDPH) for the transport of radioactive waste through Iowa
- These permits are for legal loads only; if a radioactive shipment exceeds the legal dimensions or weights a single trip permit must also be issued
- For transport on both road and rail & high/low levels of radioactivity
